

**Pikes Peak Continuum of Care
Membership Meeting
May 5, 2017
2pm to 4pm
Pikes Peak Regional Building Department
2880 International Circle
Colorado Springs, CO 80910
RSVP to suzi@ppunitedway.org**

The Pikes Peak Continuum of Care will provide an update on progress of the *Our Path Home* strategic plan on May 5, 2017, from 2pm to 4pm at Pikes Peak Regional Building as part of an overall membership meeting. The strategic plan was approved by the membership of the PPCOC at its meeting in spring 2016. The plan is aligned with national priorities *and* federal funding requirements to retain and possibly grow vital grants of more than \$2.3 million annually. Grant funds through the PPCOC support important housing and services that assist people to exit homelessness.

We will update the membership on progress toward the three key goals:

- a. Goal One - Places: Stimulate sufficient supportive, affordable, and attainable housing for people inclusive of emergency and temporary housing for those in transition
- b. Goal Two - Programs: Trigger the development of programs and services that are accessible, sufficient and effective in helping people move toward maximum independence
- c. Goal Three - Processes: Build a durable and unified system focused on performance, coordination, and sustainability

The membership meeting agenda will also include a vote of new PPCOC governing board members, and updates on the January 2016 Point In Time count.

Please join us May 5th!

“We believe in the transformational power of acceptance.”
